VIVEK **GANATHE**

+91 8247498688 Hyderabad vivekganathe@gmail.com LinkedIn Github Leetcode Portifolio

Professional Summary

Full Stack Developer with hands-on experience building AI-powered, production-grade applications using React.js, Node.js, PostgreSQL, and Generative AI frameworks including LangChain and RAG pipelines. Proven track record delivering scalable microservices, cloud-native solutions on AWS (Lambda, DynamoDB, SES). Experienced in LLM integration, prompt engineering, vector databases, and Meta Graph API integration's for messaging and marketing automation. Strong foundation in OOP and Design Patterns, with practical exposure to Agile SDLC practices .

Education

St. Mary's Engineering College, Hyderabad 11/2021 – 08/2025
Bachelor of Technology, Computer Science and Engineering (AIML)

Relevant Coursework : Database Management, AI, ML, Data Structures and Algorithms, Cloud Computing, Java(OOP)

Technical Skills

Programming Languages: JavaScript, Typescript, Python, C/C++, Java.

Tools and Frameworks: Next.js, Node.js, Rest Apis, Docker, Tensorflow, langchain, langgraph, Hugging Face, Git.

Project Management: Agile methodologies, Software Development Life Cycle(SDLC), Devops, CI/CD.

Database and Cloud: SQL, PostgreSQL, DynamoDB, MongoDB, Qdrant (Vector DB), AWS Lambda, Serverless.

Soft Skills: Analytical thinking, Adaptability, Communication, Collaboration, Problem solving, Attention to detail .

Experience

Software Development Engineer 05/2025 – present
Zithara.AI *Hyderabad.*

- Built an AI Powered **NL2SQL** Reporting engine for CRM platform using **Langchain** and **RAG Pipelines,** enabling businesses to generate dynamic reports through Natural Language, reducing manual reporting by 70%.
- Built Instagram automation using **Meta Graph API** and used **Langchain** for creating custom Bot Flows for Instagram increasing engagement rate by 60%.
- Integrated **Meta Ads** and built **Custom audiences** via Segmentation and **Offline Conversion API** to track Conversions and get insights on performance of Ads
- Designed and created end to end functionality for whatsapp template generation using **Generative AI**
- Engineered scalable omnichannel **Conversational AI** agents using **LangChain, vector databases, semantic search, and RAG**-based retrieval pipelines to power both agent-assist suggestions and fully autonomous customer responses, improving response relevance while reducing average handling time by 50%..
- Developed a multi-tenant drag-and-drop email template builder using **GrapeJS** and **AWS SES** infrastructure, enabling scalable email campaign management across multiple business tenants.
- Optimized CRM data import and processing workflows, significantly improving bulk import performance and reducing processing bottlenecks for large operational datasets.
- Developed an AI-powered Excel insights engine that analyze uploaded spreadsheets and uses dynamic code generation to create contextual visualizations from natural language queries, reducing manual reporting by 70%.

Projects

Virtual Shopping Assistant | *React.js, Node.js, Express.js, MongoDB* 02/2023 – 03/2023

- Developed a Chatbot to get personalised product recommendation to Customers.
- Implemented context-aware conversational workflows using Gemini API for personalized product recommendations.
- Added Speech recognition functionality .

Exam Automation System | *Python , Django , NLP* 10/2024 – 02/2025

- Developed an Automated Examination system using **Python, NLTK**, and Transformers, reducing manual assessment time by 80% .
- Implemented text similarity algorithms and custom **NLP** models achieving 85% accuracy in evaluating answers.
- Published a base research paper detailing the system architecture, NLP techniques, and evaluation metrics.

Achievements

- **Special Mentions** in a regional Hackathon, recognized for an AI-driven agricultural solution for farmers.
- Received **Google Data Analyst Certificate** from Coursera, demonstrating expertise in **Data Analysis and Visualization, BigQuery.**
- Certified in **AWS Cloud Practitioner Essentials** , mastering cloud fundamentals and AWS services..
- **Exceptional Oration Award**, Honored by **Green Corps** for excellent public speaking and presentation skills.
- **LeetCode Top 10%,** Solved 350+Data Structure(DSA) problems, showcasing strong problem solving skills .
